## Online tools for Herbalife distributors!

**Fun Simple Magical (FSM)** is an online administration system for Herbalife distributors in the UK and Ireland. It offers resources and tools that can help you build a massive Herbalife business.

**Create an FSM account now...**

**[www.funsimplemagical.com/start](http://www.funsimplemagical.com/start)**

and use the code **E3279**

## What is FSM?

FSM is a website open to all distributors in the UK and Ireland. It has been made entirely by **independent distributors** and is not affiliated with Herbalife corporate.

The main FSM site is completely free to use. There is a yearly charge for setting up personalised Herbalife websites, but these are not required.

### FSM does...

- ✓ Allow you to ask questions and have discussions with other distributors via the **Forums**
- ✓ Track your **contacts and orders** and generate printable order forms
- ✓ Provide quick and easy access to information through our **Library**
- ✓ Include **personalised websites** for your customers to visit and place orders

### FSM does not...

- ✗ **Train you!** - you must continue to speak with your sponsor and attend Herbalife trainings
- ✗ **Do the work for you!** - you still need to put time into building and promoting your business

## FSM Online Shop website

Through FSM, you can set up an **FSM Online Shop** website, personalised with your own contact details, for **£40 (€50) per year**.

You can promote this website to your customers so they can get **information** about Herbalife products, and **place orders** with you via PayPal. You can also attach your own domain name (though you'll need to buy one separately through a domain name company).
